Tells Labor Delegation Prompt Control of Supplies Is Necessary

Prohibition Made

Many Amendments Combined in One Measure by Senate Committee

Washington, June 11.—Early enactment of food legislation will be insisted upon by the Administration, it was made clear to-day, after a delegation of the bills.

The labor leaders and Congressmen called the made to the president was a specific to the season of the bills.

Features of the Bill ef features of the bill as re-

l. Creates a "government control of cessaries" food, feeds and fuel-in-ding every known step and process hibits hoarding or destruction

prices of foodstuffs and to require periodical reports from all such bodies, detailing their operations and con-veying such information as the Presi-dent or his food control agent may

necessary productom for which the President may deem stimulation by such mans necessary. Authorizes the President in this connection to offer the protection of increased transfer rates to such commodities.

8. Appropriates, to be immediately available, \$152,500,000, of which \$2,500,000 is for the construction of adminis-

available, \$152,000,000, of which \$2,000,000 is for the construction of administrative machinery and \$150,000,000 of which is to be expended at the direction of the President "for the purposes of

of the President "for the purposes of this act."

The House Committee left in a provision authorizing the President to limit or prohibit use of foodstuffs in the manufacture of alcoholic liquors, but during the day the Senate Agriculture Committee voted to make prohibition a separate issue and to combine into a new measure the many prohibition amendments to the Senate food bills. The Senate Judiciary Committee meanwhile reported favorably a resolution by Senator Sheppard for a national prohibition constitutional amendment.

Hoover Sees Wilson

Hoover Sees Wilson

The labor leaders told the Fresident that wages have been virtually stationary for several years, while living to the fore Congress to urge action on the costs have steadily mounted, and that the he headed the situation. The workingman, they de-afterward that clared, is underfed, and continuance of accord with this condition much longer is sure to labor leaders that food intial at the earliest posNo statement was made President's intention in call address to Congress.

posed agreement cannot be consum-mated. It is prohibited."

As chairman of the committee, the Controller asked Mr. Place if he agreed with the conclusions he had expressed. Canada Will Act With U.S. in Joint Control of Wheat

road company from all obligations upon which it had entered with the city under the proposed plan. Mr. Board to Pool Crop for the Minister of Agriculture on the crop Place's statement follows: Allies; \$2 Maximum Suggested

and cost commission to control, jointly with the commission already chosen in the United States, the surplus wheat supstiments ply of the North American continent of the for the heart states of the for the heart states and supstiments and more promising than a year ago, while all indications are for a record yield of fruit of all kinds, including grapes, with a production of wine the largest in recent years and promising to taxation and periodic readjustments could be eliminated, a portion of the cash capital expenditure would have to be borne by the city. I very much hope that some one in authority will be able to suggest a way out of the difficulty. It is, however, to be borne in mind that, on behalf of the railroad company on January 15, 1916, I entered into large obligations in addition to and beyond the legal obligations of the extent of ruling out speculative connections. for the benefit exclusively of the Allied to be of superior quality

ompany, and at various subsequent inferences with the Port and Terminal mum and minimum prices is not a probable. A maximum of \$2 and a minimum of \$1.75 per bushel, f. o. b. Fort William, for this year's crop are being talked of by Canadian grain men. The United States prices, of course, would be fixed at the equivalent amounts.

arranged, following recent conferences at Ottawa, when the government canvassed the views of representative Proximal exchange officials, grain dealers and millers.

grain exchange officials, grain exchange officials, grain and millers.

Canada's contribution from this year's wheat crop to the common granary for the supply of the Allies is expected to be about 175,000,000 bushels. Last year's crop totalled 250,000,000 bushels, although the official estimate was only 175,000,000. granary for the supply of the Allies is expected to be about 175,000,000 bushels. Last year's crop totalled 250,000,000 bushels, although the official estimate was only 175,000,000.

This year the acreage in wheat is somewhat larger than that a year ago, and despite some damage by frost the prospects are for a fair yield. Barring some disaster and as far as can be judged at the present time, this year's harvest should be quite as large as that of 1916. Approximately 75,000,000 bushels will be required for home consumption and seeding, leaving 175,000,000 bushels of new wheat for export. In addition, there are still 12,000,000 in elevators at Fort William and probably 40,000,000 bushels. William and probably 40,000,000 bushels will be required for Export. In addition, there are still 12,000,000 in elevators at Fort William and probably 40,000,000 bushels. Provided the consumption and seeding, leaving 175,000,000 bushels of new wheat for export. In addition, there are still 12,000,000 bushels of hew wheat for export. During the month of May some 30,000,000 bushels passed through Fort William to the seaboard. Canadian grain men believe that the

May some 30,000,000 bushels passed through Fort William to the seaboard. Canadian grain men believe that the next Food Controller of the United Kingdom will be A. A. Anderson, who was chairman of the wheat department of the British mission to America. During his recent visit Mr. Anderson discussed with the governments at Washington and Ottawa arrangements for the mobilization of surplus wheat, and the present plans are the outcome of these conferences.
